

Climate Protection and Energy Efficiency Committee

A meeting of the CPEEC was called to order at 4:00 P.M., July 7, 2015 , at Alton City Hall, 101 E. Third Street, Alton.

Members present: Jeff Dale, Alderman David Boulds, Wayne Politsch, Zeke Jabusch, Adam Peipert, Laura Asher

Staff: Matt Asselmeier

May Minutes approved.

Discussion of community events attended including “living cities” where Matt gave a presentation and Wayne attended workshops. Others attended Thursday evening on “downtown Alton vision”. Note on the upcoming IDOT meeting (7/15) on the Connector 255 plan.

Laura made recommendation on the GHS report that the committee should follow through on several of the suggestions from the findings.

Zeke brought our attention to a 3 part series that looks how the St. Louis region is facing (or not facing) the challenges of changing global weather patterns (a copy of the three article was handed out). In view of this Matt thought it would be good to review the Alton Climate Action Plan (2011) during the August meeting- he will email out a copy or www on our web page.

Adam (with Laura) : need to explore bike routes and potential to make contributions to local transportation. Some discussion on the “complete streets” movement.

Next scheduled meeting will be on Tuesday August 4th at 4:00PM.
